

**Marylynn Craig**

Director of  
Early Learning  
Programs

Head Teacher of  
Reaching New Heights  
Pre-K

Marylynn has been with the school since its inception in September 2006. Most of her students come from referrals of families and parents who have joined or are still in attendance here. Marylynn has been teaching since 1976 and is passionate about Education. Her experience ranges in ages from infants to teens. She has worked in state, city, county, public and private schools. She also holds her certificate in Early Childhood Education.

Her love of the little ones has kept her coming back to those "Magic Years" between the ages of 3 and 5. Her belief is, these are the most impressionable and innocent days and setting the foundation for a life-long love for learning early-on is so important. Marylynn is very dedicated to the children.

New Heights  
PRE-K

**MAGIC YEARS PRESCHOOL**

Marylynn spends most of her free time with her husband of 40 years, and is extremely proud of her daughter Brittany who has also gone on to become a teacher. Having achieved the rare accomplishment of a double Masters Degree, and studies at Linfield, Arizona State and George Fox Universities.

Marylynn feels fortunate and blessed to be a part of this magnificent community, and is happy serving the children and their wonderful families.

**MAGIC YEARS PRESCHOOL**

Reaching  
New Heights  
PRE-K

**Welcome!**

Magic Years Preschool and Reaching New Heights Pre-K offer stimulating early-learning environments that foster confidence, curiosity and creativity in children. We provide varied and exciting learning experiences in a Christian-based environment.

A certified teacher carefully selects and prepares a curriculum that is fun, educational and developmentally-appropriate for preschool-aged children.

The purpose is to provide material and activities geared to the individual needs of each child. "Hands-on" materials are a part of each of the activity areas in the classroom — encouraging children to explore, experiment and investigate.

In a loving, nurturing environment, the children are given many opportunities for creative expression, socialization and verbal communication with peers and adults. Small groups and individualized instruction are also provided.

It is our hope that during the preschool years, each child will develop a life-long love for learning. We want to see each child reach their fullest potential and grow cognitively, physically and socially. We desire to foster each child's self-image and self-confidence, as well as help him/her build a strong foundation for all learning.

Thank you for considering  
Magic Years Preschool and  
Reaching New Heights Pre-K.
